SUMMARY

Bachelor of Science in Information Technology (BSIT) graduate with nearly a year of teaching experience at STI, handling IT subjects such as Web Development, IT Service Management, and System Administration. Strong foundation in PHP and web development, with a commitment to continuous learning in emerging programming technologies.

WORK EXPERIENCE

IT Instructor

August 2024 - Present

- Teach 6+ core IT subjects through hands-on training and lectures, including:
 - Web Development** (HTML, CSS, JavaScript, ASP.NET)
 - Systems Administration & Management** (SAM)
 - Human-Computer Interaction** (HCI)
 - Information Assurance & Security** (cybersecurity fundamentals, risk management)
 - Computer System Architecture** (virtualization, hardware/software integration)
 - Enterprise Architecture** (business-IT alignment frameworks)
- Guide students in applying theoretical concepts through coding exercises (e.g., building secure web apps, configuring virtual environments).
- Demonstrate modern IT tools (e.g., virtualization software, cybersecurity awareness) to enhance practical skills.

IT Intern / OJT

March 2024 - June 2024

- Developed a full-stack inventory management system for a retail shop, enabling product tracking and customer-facing displays.
 - Key Contributions:
 - Built responsive front-end using HTML, Tailwind CSS, and JavaScript for optimal mobile/desktop viewing.
 - Implemented back-end logic with PHP to handle inventory CRUD operations (Create, Read, Update, Delete).
 - Integrated search and filtering functionalities to improve product discoverability.
-

EDUCATION

Bachelor of Science in Information Technology.

Sep 2020 - July 2024

STI College Tarlac

- Capstone Project Lead Programmer (2023-2024)
 - Spearheaded development of a full-stack CRUD system for sales and inventory management"
 - Built using: PHP, MySQL, JavaScript, HTML, Bootstrap
-

RELEVANT SKILLS

- Programming Languages:** PHP, JavaScript, HTML/CSS, SQL
- Web Development:** React, Tailwind CSS,
- Systems/IT:** Linux Administration, Virtualization, Cybersecurity Fundamentals
- Databases:** MySQL, Xampp
- Tools:** Git, VS Code
